The Bridge Program is a foundational course designed to introduce students to the core concepts, tools, and skills required to begin a career in animation.

## What is its Purpose?

The purpose of the Bridge Program is to bridge the gap between having an interest in animation and being ready to pursue more advanced studies or entry-level work. The course builds a solid foundation in both the artistic and technical principles of animation, empowering students to take their next steps—whether that's further education, freelancing, studio work, or independent projects.

## Who is it for?

- Individuals interested in animation but lack formal training.
- Aspiring animators looking for a structured introduction to the craft.
- Artists transitioning from other disciplines (illustration, design, etc.).
- Young persons or mature students considering animation as a career.

## What will students achieve?

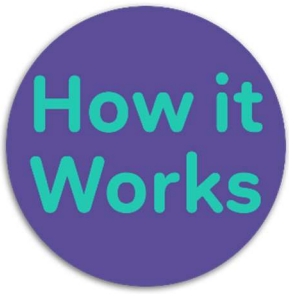
- **Core Understanding:** Grasp the essential principles and language of animation.
- **Analytical Eye:** Develop the ability to recognize and analyze good animation across various mediums.
- **Portfolio Pieces:** Complete assignments that can serve as portfolio examples for future opportunities.
- **Pathway Readiness:** Will prepare you to continue into AALI's main program or enter the animation industry at an entry level (This is based on skill level at the time of enrollment).

- A device (computer or tablet, with digital drawing tools) **or** traditional drawing tools
- Willingness to experiment with different animation programs **or** hand-drawn methods.
- Basic digital literacy (how to download and install software, organize files, etc.).
- Internet access (for course content and feedback).

## Program Philosophy

- **Simplicity First:** All concepts and assignments are broken down into manageable steps, suitable for absolute beginners.
- **Flexible Approach:** Both digital and traditional animation methods are supported.
- **Industry Awareness:** Students are exposed to real-world applications and career pathways from day one.
- **Supportive Community:** Regular feedback and peer critiques are built into the program to encourage growth and confidence.

# The Bridge Program
# COST: USD $175



## Completing the Program

You can pay for the Bridge Program and **complete it independently at your own pace**. However, if you would like additional support, you can purchase a package of 3, 5, or 10 one-on-one classes for personalized guidance.

## Booking Classes

- Choose your package
- Select your preferred day and time
- Your sessions will follow your current course modules
- You receive a meeting link for each class
- Learn with confidence—your instructor adapts to your pace

✨ 3-Class Package

Focused Support

US$135

⭐ 5-Class Package

Steady guided help as you move through your course material.

US$225

🚀 10-Class Package

Best for deep, ongoing support throughout your course.

US$450
